Parental Feedback

Parental feedback, both positive and constructive is an important aspect of operating a society. This sheet will be available on the Red Deer Royals website in order to open another channel of communication. Please use it, if possible, and deposit in the box at Royals practices. It may be signed or anonymous, it is up to you. If signed, the Executive will respond to you about your comments. Your comments may also be addressed on social media, but know that your privacy is important and we will not reveal your name if requested.

You may choose to send comments directly to the President at president@reddeerroyals.com

Two High Notes (or things I would like to see kept the same or positive feedback):

One Low Note (or thing you would like to see changed):
